

MVCA

ROBOTICS CAMP

July, 2020

The MVCA is teaming up with “Those Guys” Robotics Team to offer an exciting opportunity for **6th – 9th graders** interested in robotics. The week-long summer camp, staffed by “Those Guys”, will teach students the essentials of robot building, including the mechanical, electrical and software components. The students will build a working robot! Two sessions will be offered.

July 6 - 10, 2020 or July 13 – 17, 2020 from 9:00am to noon

MVCA BUILDING, 59 East Mill Road (Valley Professional Center)

\$200 includes supplies

Maximum 4 students each session, so register early!

The Long Valley Robotics Team “Those Guys,” formed in 2015, participates in FIRST Tech Challenge, a community focused on building a better world by engaging high school students in Science, Technology, Engineering and Math STEM). Through competing, students learn the value of hard work, teamwork, sharing ideas and respect for others. “Those Guys” have won several competitions, and advanced to the state level in only their second year together! They are also engaged in community service. The MVCA and “Those Guys” hope that this year’s campers will consider becoming future team members.

MVCA ROBOTICS CAMP 2020 REGISTRATION

Student’s name _____ Grade in September, 2020 _____

Address _____ Phone _____

Email _____ July 6-10 or _____ July 13-17

_____ check _____ credit card* *name on card _____
